

# Black & White from your own disk

Don't use your own copier / laser printer to producing high volumes, this causes wear and tear on your own equipment, wastes you time, and costs a small fortune in toner and click charges.

You supply the disk, we produce the finished printing with black ink.

We output your file direct from Microsoft Word and Publisher. All the Adobe suite of programmes, including InDesign, Photoshop and Illustrator, Corel Draw, Quark Express, PDF and TIFF or JPEG.

\* All prices are for printing direct from your computer disk, direct to finished proofs and plates.

If you require any additional artwork to be produced by Biltmore graphics department, this will be charged extra at £40 per hour.

We are here to help and will not charge for extra time on jobs until we have had a discussion with YOU the customer and agreed our prices.

The average price for a standard mono office laser printer / photocopier toner cartridge is now £50.00 - £90.00. With average yield rates of 5000 sheets, based on a coverage of just 5%. (Normal coverage generally is approx 10%)  
 If you take the price of a toner cartridge, as just £70.00 with an output of 4000 sheets  
 This makes the price of every A4 sheet 1.8p just for the toner.  
 When you include the price of the printer, wear and tear, electric, paper, administration time and just the sheer hassle of production.  
 Improve your quality, free up your time and save yourself some money.  
 When you think it costs you at least 4.6p per A4 double sided sheet on A4 80grm, for you to produce prints on you own machine.  
**Don't get caught in the consumables trap.**

**REMEMBER - WE CAN ALSO FOLD, CREASE AND MAKE YOUR SHEETS INTO FINISHED BOOKLETS, ASK FOR A QUOTE**
